COLLEZIONE DEGLI ENOLOGI

MONTECUCCO SANGIOVESE RISERVA DOCG
2015
by Vagagnini

An outstanding vintage for Tuscany, with very well-balanced wines in terms of aroma, fruit and tannins.

Sangiovese grapes, the name from Sanguis Jovis (Jupiter's blood), grown in the Montecucco area in south-central Tuscany.

Aged for 30 months in French oak *tonneaux*. Deep ruby red colour, particularly brilliant.

Typical Sangiovese nose, an intense bouquet of black currant, dark cherry, blackberry, and light spice.

Fine balance between concentration and elegance, well-structured body, light tannins, quite some oak, classic acidity and alcohol.

The wine is ready to drink, but can age eight to ten more years.
